Education

2022-12 - 2023-03

Front End Development

Pivot2Tech Bootcamp

2019-09 - 2022-08

Civil Engineering, Bachelor of Engineering

London South Bank University

2015-09 - 2017-07

A Levels, Maths, Physics, Chemistry

Newham Collegiate Sixthform

Hobby/Interest

- Continuous learning: Engaging in online courses and resources like Scrimba and freeCodeCamp to enhance coding knowledge and stay up-to-date with industry advancements.
- Reading: Exploring technology publications, blogs, and books to expand knowledge and gain insights into emerging tech trends and programming concepts.
- Sports: Enjoying playing and watching football/basketball to find balance and foster teamwork.

Tech-driven engineering graduate with strong programming skills and a passion for innovation. Proactive problem-solver with a continuous learning mindset, adept at collaborating in cross-functional teams.

Projects

Portfolio (https://zeinsharif.netlify.app/)

- Created a personal portfolio website to showcase technical skills, projects, and achievements.
- Implemented modern web development frameworks such as React to create an intuitive and visually appealing user interface.
- Demonstrated proficiency in web design principles, including responsive design.
- Highlighted the ability to present information effectively, showcasing projects and skills in a visually engaging manner.

Meme Generator (https://meme-generator-zs.netlify.app/)

- Developed a meme generator website using React, leveraging an online course to enhance web development skills and problem-solving abilities.
- Demonstrated attention to detail and the ability to work independently, refining problem-solving skills throughout the project.
- Acquired valuable experience in coding and web development, highlighting a passion for technology and a dedication to learning.

Artificial Intelligence in Structural Design

- Demonstrated a strong willingness to learn by acquiring knowledge in Python to develop the AI code.
- Applied problem-solving skills to develop an effective solution for automating the design process.
- Utilized data visualization techniques to present the AI results in the form of a decision tree, effectively communicating the machine learning process.
- Showcased excellent written communication skills through the creation of a comprehensive dissertation documenting the research methodology and findings.

Work History

09/2020 - present

Delivery Driver

Amazon

- Demonstrated proficiency in the use of delivery management software and mobile devices to facilitate efficient route planning and tracking.
- Exhibited strong problem-solving skills, efficiently resolving issues with customers and adapting to changes in delivery schedules and routes.
- Demonstrated excellent time-management skills, consistently meeting delivery deadlines in a fast-paced, deadline-driven environment.

08/2017 - 01/2022

Safety Steward

Chelsea Football Club

- Provided guidance and assistance to guests, ensuring their safety and comfort during their visit.
- Responded promptly and professionally to safety and security incidents, utilizing appropriate protocols and procedures to manage the situation.
- Maintained a calm and professional demeanor in high-pressure situations, utilizing strong communication and problem-solving skills to manage incidents effectively.
